## Dollhouse Kitchens Call for Proposals

The competition is open to qualified professional visual artists residing in Canada. The exhibition will be held at the Women's Art Museum (WAM) during the month of October (2017) in conjunction with *Women's History Month* and as a precursor to WAM's annual lip sync fundraiser, ***The Kitchen Sync 2017: The Rematch***.

Our theme is ***Dollhouse Kitchens***. The term may conjure up many thoughts and memories as you may have had a personal experience with a Dollhouse or perhaps looked upon one from afar in admiration. More often than not, these dioramas have played an important role in many peoples' lives throughout history. In our exhibition, we would like to explore the different connections which people have had with Dollhouse Kitchens.

The exhibition will be in keeping with the mission statement of the Women's Art Museum of Canada—to collect, preserve and present women's visual heritage. The WAM's purpose is to create interest in, knowledge of, and an appreciation and respect for this art by sharing the stories behind their cultural production. ([www.wamsoc.ca](http://www.wamsoc.ca)) *WAM is a smaller exhibition space, so please consider submitting smaller sized art works.*
